ANNEXURE – B

MANAGEMENT'S PERCEPTION OF RISK FACTORS

The company has been accepting deposits from the public for several years now and the repayment of principal and interest payments have been regular. There has been no single instance of default by the Company in respect of these deposits. Also the Company has never defaulted in making payment of dues to the Banks / Financial institutions, payment of statutory obligations etc.

However the refinery business of the company is highly competitive and dependent on the crude edible oil prices prevailing in the international markets. Any adverse international market conditions in the edible oil industry may have effect on the company's performance also.

Shri. SBD

ANNEXURE – C

Annexure - L
First-time adoption of Ind-As

These standalone financial statements of 3F Industries Limited, for the year ended 31st March 2020 have been prepared in accordance with Ind AS. For the purposes of transition to Ind AS, the company has followed the guidance prescribed in Ind AS 101 - First Time adoption of Indian Accounting Standard, with April 1, 2018 as the transition date and IGAAP as the previous GAAP.

The transition to Ind AS has resulted in changes in presentation of the financial statements, disclosures in the notes thereto and accounting policies and principles. The accounting policies in accordance with Indian Accounting Standards have been applied in preparing standalone financial statements for the year ended March 31, 2020 and the comparative information. An explanation of how the transition from previous GAAP to Ind AS has affected the Company's Balance Sheet, Statement of Profit and Loss, is set out hereunder.

(a) Revenue from Operations

As per Ind-AS 115 - Revenue shall be recognised at transaction price that is net of variable consideration. Selling Expenses such as Quantity discounts, Trade discounts, Quality discounts and Sales promotion expenses shall be reduced from Revenue.

Government Grants relating to Sales tax deferment shall be amortised over the period of loan as per Ind AS - 20 Accounting for Government Grants and Disclosure of Government Assistance.

(b) Other Income

Adjustments include Gain on fair valuation of Current Investments which are classified and measured at FVTPL, unwinding of discount on security Deposit and other adjustments.

(c) Employee benefit expenses

Adjustments include gratuity expense made as per actuarial report. As per Ind-AS 19 - Employee Benefits, actuarial gains and losses are recognized in other comprehensive income and not reclassified to profit and loss in subsequent period.

(d) Finance Cost

Adjustments include notional interest charged on unwinding of Loans, amortisation of Transaction charges, unwinding of discount on Lease Obligations, discounting of Creditors and other adjustments.

(e) Depreciation and Amortization expenses

As per Ind AS 101, WDV is considered as Deemed Cost and, on applying the same to Property, Plant and Equipment and Intangible Assets, there will be change in Depreciation due to reduction in scrap value.

This also includes Depreciation charged on Right of Use Assets recognised in Balance Sheet as per Ind AS 116 - "Leases".

(f) Other Expenses

Adjustments include reversal of Rent and Maintenance expenditure on application of Ind AS-116-Leases, recognition of Loss on fair valuation of Derivatives, reversal of sales related expenditure as per Ind AS-115 and other adjustments related to forward contracts and

(g) Deferred Tax

Adjustment include Deferred Tax changes due to above mentioned adjustments as per Ind AS 12 "Income Taxes".

[Handwritten signature]

(a) Property, Plant and equipment

Adjustments includes impact of Life expired assets where by assets whose useful life is nil or WDV equals residual value are charged to Retained Earnings. As a result of this, in the subsequent years there will be change in Depreciation.

(b) Right of Use Asset

Ind AS 116 "Leases" requires asset to liability approach for all leases other than short term Leases (less than 12 months) and low value Leases. Hence, leases whose tenure is more than 12 months are considered as Finance Lease and Right of Use asset is recognised on such leases and subsequently depreciated over its lease tenure on SLM basis.

(c) Investments

Under previous GAAP, long term investments were measured at cost less provision for diminution (other than temporary). Under Ind AS, these investments are classified as financial assets which are measured at FVTOCI. On the date of transition to Ind AS, these financial assets have been measured at their fair value which is higher than the cost as per the previous GAAP, resulting in an increase/decrease in carrying amount. These changes do not affect profit before tax for the year ended 31st March 2020, because the investments have been classified as FVTOCI. Investments in National Savings Certificates are carried at amortised cost under Ind AS.

(d) Loans

Security Deposits for leases shall be discounted on the date of inception of lease, shall be included in Right of Use Asset and depreciated over its tenure. Subsequently, notional interest income is recognised in Profit and Loss.

(e) Trade Receivables

As per Ind AS 109, entity shall recognise expected credit loss allowance at each reporting date for financial assets measured at amortised cost.

(f) Other Financial Assets

The company designates certain foreign exchange forwards which meet the definition of derivatives as hedge instruments in respect of foreign exchange risks. These hedges are accounted for as cash flow hedges. The hedge instruments are designated and documented as hedges at the inception of the contract. The effectiveness of hedge instruments to reduce the risk associated with the exposure being hedged is assessed and measured at the inception on an ongoing basis. The effective portion of change in fair value of the designated hedging instrument is recognised in the Other Comprehensive Income and accumulated under the heading Cash Flow Hedge Reserve.

(g) Current Tax Asset/Liability

Adjustment include netting off Current Tax Asset with Current Tax liability.

(h) Deferred Government Grant

Ind AS 20 requires to measure benefit of Deferred Sales Tax Loan as per Ind AS 109 and recognise the difference between carrying amount of loan and its present value (discounted at the weighted average borrowing rate) as Government grant which will be amortised subsequently through Profit & Loss.

(i) Other Equity

Adjustments to retained earnings and other comprehensive income has been made with Ind AS, for the above mentioned items. In addition, as per Ind AS-19, actuarial gains and losses are recognized in other comprehensive income as compared to being recognized in the statement of profit and loss under IGAAP. The same are transferred from Other Comprehensive Income to Retained Earnings at reporting date.

(j) Borrowings

All Loans which meet the financial liability criteria shall be measured in accordance with Ind AS 109 at amortised cost using effective rate of interest. The transaction charges are amortised over the period of Term Loan and are charged to Profit & Loss as Finance cost. Grant recognised for Deferred Sales Tax Loan.

(k) Provisions

Adjustment include Recognition of Provision for Gratuity in accordance with Actuarial Report.

(l) Deferred Tax Liabilities

Indian GAAP required deferred tax accounting using the income approach, whereas Ind AS 12 - Income Taxes requires to account for deferred tax using balance sheet approach which focuses on temporary differences between the carrying amount of an asset/liability in the balance sheet and its tax base. Deferred tax adjustments are recognised in correlation to the underlying transactions either in retained earnings or a separate component of equity. The adjustments include recognition of Deferred Tax due to tax impact on Ind AS adjustments.

(m) Lease Liabilities

Ind AS 116 requires all leases shall be measured at Present value of obligations as on date of inception of lease using discount rate implicit in the lease, subsequently increased by unwinding of interest charge and reduced by lease payments made during the year.

(n) Trade Payables

As per Ind AS 109, entity shall discount the retention money received from creditors and correspondingly accounts for interest income on the same.

Reconciliation of Profit and loss for the year ended 31st March, 2019
